

# API Application

---

## \1 Internet Banking System\API Application

### Welcome to PlantUML!

You can start with a simple UML Diagram like:

```
Bob->Alice: Hello
```

Or

```
class Example
```

You will find more information about PlantUML syntax on <https://plantuml.com>

(If you use this software, you accept its license)  
(Details by typing `license` keyword)

```
PlantUML 1.2021.7
```

```
[From string (line 3) ]
```

```
@startuml
```

```
'!include https://raw.githubusercontent.com/adrianvlupu/C4-PlantUML/1.2020.17/C4_Component.puml
```

```
!include layouts/C4_Component.puml
```

```
cannot include layouts/C4_Component.puml
```

### Level 3: Component diagram

Next you can zoom in and decompose each container further to identify the major structural building blocks and their interactions.

The Component diagram shows how a container is made up of a number of "components", what each of those components are, their responsibilities and the technology/implementation details.

**Scope:** A single container.

**Primary elements:** Components within the container in scope. Supporting elements: Containers (within the software system in scope) plus people and software systems directly connected to the components.

**Intended audience:** Software architects and developers.
